This is the preliminary statement you requested on the suitability aspects of the applicant acceptance process. The observations which follow the 5 major proposed steps only scratch the surface, and I would hope to be able to pursue related questions with you further.

MEMORANDUM FOR: Deputy Director for Administration

FROM:

Deputy Director of Medical Services

SUBJECT: Optimal Approach to Evaluating the "Whole Man" in the Applicant Acceptance Process

1. Per your request, the following summarizes the sequence of events I would follow in evaluating the "whole man" in the "applicant acceptance process." It would allow a significant improvement in the accuracy of the medical/behavioral/security assessment while appreciably reducing the workload. While I suggest specifics by day, the sequence of events is the most crucial aspect of the proposal, and not the exact day.
